

## XIX Congress of the Carpathian Balkan Geological Association

*Thessaloniki, Greece, 23-26 September 2010*

The **CBGA 2010 Congress** extends a warm welcome to scientists working in the broader Carpathian Balkan region. The primary goal of the Congress is the presentation of the most recent advances in Earth and Environmental Sciences, mainly in the Carpathian-Balkan Region and the surroundings, aiming at highlighting their impacts on natural resources, natural hazards, and environmental problems. Oral and poster presentations, keynote lectures, workshops and special symposia are among the Congress activities.

### Thematic coverage

The CBGA 2010 Congress will address **all aspects of Earth and Atmospheric Sciences**. An extensive list of Special and General Sessions has been set in order to ensure that every aspect of the earth sciences has been included. Check the [Programme](#) page or download the [Second Circular](#) at [www.cbga2010.org](http://www.cbga2010.org).

### Programme

The programme of CBGA 2010 consists of 33 Special and 11 General Sessions. Click on [Programme](#) at CBGA web page to see the titles of each session and to get a description of the focus and objectives.

### Publications

CBGA 2010 will produce two types of publications:

1. “*Proceedings of the XIX CBGA Congress*”, where peer-reviewed and accepted full papers will be published.
2. “*Abstracts of the XIX Congress of the Carpathian Balkan Geological Society*”, where abstracts of all contributions (submitted abstracts plus abstracts of the full papers) will be published.

CBGA 2010 is jointly organized by the **School of Geology** (Aristotle University of Thessaloniki), the **Geological Society of Greece** and the **Institute of Geology and Mineral Exploration**
